Commissioner Unger

Roger and I are the owners of Faith, Hope and Charity Winery, Deschutes County's first Vineyard and Winery on EFU property. We cater to tourism on bike, foot, and automobile. We were the first in our area to post our Bike Friendly Business sign when Travel Oregon presented that program. We are regularly visited by this fine group of folks coming to Central Oregon to enjoy the recreation, beauty, and of course the wine. We provide a nice stop with flushing restrooms, water and a place to sit and enjoy some of Central Oregon's best scenery. Central Oregon should be proud of what they have done to attract this caliber of tourism and put us on the map as one of the most bike friendly areas in the country. I am encouraged that you have supported the completion of the Sisters to Black Butte Trail. This will breathe a new kind of energy to Sisters residents as well as the tourists that visit and hopefully this will only be the beginning of your efforts to support and embrace this form of recreation and tourism. This will make Central Oregon that much more of a trail friendly area. Our hopes are that you continue your paths through the canyon and up and over our section of Buckhorn Ridge making a nice path from Sisters to Redmond and beyond.  
Thank-you again for your support and encouragement regarding the Sisters multi use trails.
